

As the days get longer, brighter and warmer, we will be learning more about the changes that are beginning to appear in nature. We will read stories about flowers and plants, with a specific focus on the story of *Jack and the Beanstalk*. We will create observational drawings and paintings of the plants and trees growing around school at this time of year. We will have a go at planting some of our own seeds and think about what plants need to grow.

Literacy

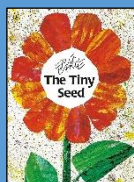

The Extraordinary Gardener

Jack and the Beanstalk

The Tiny Seed

Expressive Art and Design

- Sketching
- Painting
- Minibeast artwork

Maths

- Growing 6, 7 and 8
